The above data were obtained using the test-indicated method. Results may vary under other test methods and are subject to the deviation inherent in the test conditions.

DISCLAIMER

The product is stored in the unopened original container between 15°C - 30°C, protected from light. Because this material is sensitive to oxidation, it is saturated with nitrogen and sealed with nitrogen atmosphere for protection. If containers are opened for sampling, be sure to refill atmosphere with nitrogen. Containers that have been opened should be tested at least yearly to ensure quality. The information contained herein is obtained directly from the manufacturer and/or through our own independent testing. Green Valley Laboratory provides the information contained herein in good faith but makes no representation as to its comprehensiveness or accuracy. Individuals receiving this information must exercise their independent judgment in determining its appropriateness for a particular purpose. As the ordinary or otherwise use(s) of this product is outside the control of Green Valley Laboratory, no representation or warranty, expressed or implied, is made as to the effect(s) of such use(s), (including damage or injury), or the results obtained. Green Valley Laboratory expressly disclaims responsibility as to the ordinary or otherwise use(s). Furthermore, nothing contained herein should be considered a recommendation by Green Valley Laboratory as to the fitness for any use. The liability of Green Valley Laboratory is limited to the value of the goods and does not include any consequential loss. Green Valley Laboratory shall not be liable for any errors or delays in the content or for any actions taken in reliance thereon. Green Valley Laboratory shall not be responsible for any damages resulting from the use of or reliance upon this information.
