GREEN VALLEY LABORATORY

Safety Data Sheet

SECTION 1 - Identification

1.1 Product identifier

Name of Preparation or Substance	Oat Flour - Colloidal

1.2 Relevant identified uses

Recommended Use	For manufacturing and repackaging use only

1.3 Details of the supplier of the Safety Data Sheet

Supplier Name	Green Valley Laboratory
Address	435 Hartford Pike, Killingly, CT 06241, USA
Contact	Help@dauphineorganics.com
Phone	n/a

1.4 Emergency telephone number

Emergency Phone No.	CHEMTREC Emergency Call Center +1 800-424-9300 (US & Canada) - +1 703-527-3887 (Europe)

SECTION 2 - Hazard Identification

Hazard Identification	This product is considered non-hazardous by the criteria specified in 29 CFR1910.12.00 (Hazard Communication)
Emergency Overview	As part of good industrial and personal hygiene and safety procedure, avoid all unnecessary exposure to the chemical substance and ensure prompt removal from skin, eyes, and clothing. May cause irritation
HMIS Health Rating	1-Slight
HMIS Flammability Rating	1-Slight
HMIS Reactivity Rating	0-None
HMIS Personal Protection	E- goggles, gloves, dust respirator
Storage Color Code	Green (General Storage)

Potential Health Effects

Inhalation	May cause allergic reactions
Skin Contact	May cause allergic reactions
Eye Contact	May cause slight eye irritation
Chronic Exposure	This product is considered non toxic

SECTION 3 - Composition / Information on Ingredients

Chemical Identification	Oat flour
CAS Number	9000-25-8, 9041-22-9

INCI Name	Oat Flour

SECTION 4 - First Aid Measures

Inhalation	Not expected to require first aid measures. Treat symptoms and provide fresh air. Get medical advice id symptoms persist
Eyes	Not expected to require first aid measures. Wash thoroughly with running water including under the eyelids. Get medical advice id symptoms persist
Skin	Not expected to require first aid measures. Wash exposed area with soap and water. Get medical advice id symptoms persist
Ingestion	Not expected to require first aid measures. Drink plenty of water. Never give anything by mouth to an unconscious person. Get medical advice if irritation develops

SECTION 5 - Fire Fighting Measures

Fire	Slightly flammable to flammable in the presence of open flames and sparks.
Explosion	Accumulation of overhead settled dust may form explosive concentration in air when disturbed and dispersed.
Suitable Extinguishing Media	Use water spray, suitable foam, or carbon dioxides.
Special Protective Equipment	Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and wear self-contained breathing apparatus for fire-fighting if necessary.

SECTION 6 - Accidental Release Measures

Personal Precautions	Maintain good housekeeping practices to minimize the accumulation of settled dust.
Clean Up Procedure	Sweep the spill area and dispose of in accordance with federal, state and local laws.

SECTION 7 - Handling and Storage

Handling Precautions	Containers of this material may be hazardous when empty since they retain product residue. Observe all warnings and precautions listed for the product
Storage Requirements	Packages should be stored in cool, well-ventilated, dry conditions, away from strong odors and chemicals.

SECTION 8 - Exposure Controls / Personal Protection

Ventalation System	If conditions of use create discomfort to the worker a local exhaust system should be considered
Respiratory Protection	Whenever dust in the workers' breathing zone cannot be controlled with ventilation the worker should wear respirator for protection against air-borne dust
Eye/Face Protection	Goggles or similar eye protection to prevent contact with the eyes.
Skin Protection	Wear protective gloves and clean body covering clothing

SECTION 9 - Physical and Chemical Properties

Physical State	Powder
Color	Off white

Odor	Characteristic.
pH	5.0 ~ 7.0 (typical)
Melting Point	>256C.
Auto Ignition Temperature	>357.8C
Water Solubility	Water dispersible

SECTION 10 - Stability and Reactivity

Chemical Stability	Stable under normal conditions of use.
Hazardous Decomposition Products	When heated to decomposition this product emits fumes of CO and CO2

SECTION 11 - Toxicological Information

Carcinogen Status	No components are listed by IARC, OSHA, NTP, ACGIH

SECTION 12 - Ecological Information

Biodegradability	Biodegradation in soil, inherently biodegradable
Ecotoxicological Information	No information found

SECTION 13 - Disposal Considerations

There are no special considerations beyond those normally applied to waste disposal. (Federal, state and local laws)

SECTION 14 - Transport Information

This product is considered non-hazardous for transport by all possible means.

SECTION 15 - Regulatory Information

None available

SECTION 16 - Other Information

None available

Source document control

Source SDS date	8/20/2025

DISCLAIMER

The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.
